

Bioeconomy in the Circular Economy BioCirce

BioCirce is the first European
[Master in Bioeconomy in the Circular economy.](#)

This MS degree program provides skills and expertise necessary to deal with the full range of issues in the complex field of Bioeconomy in the Circular economy.

The program welcomes students from all different backgrounds:

- Graduate **scientists** who want to pursue a career outside the lab;
- **Social** and/or **business** graduates who want to develop their interests in life science innovation;
- **People already working in biotechnology** related fields who wish to engage further.

The program includes **four compulsory modules** (5 Credits each) given by the four participating Universities (modules cover relevant scientific topics as well as economic and legal issues) and a **6-months stage** in one company or institution.

**CALL IS OPEN FOR THE FIFTH EDITION OF THE MASTER!
APPLICATION DEAD-LINE: 19th NOVEMBER 2021**

There are two formula for enrollment in the Master:

Full application (University teaching activities plus industrial stage) This application formula will allow the students to attend the complete set of teaching activities: **4 weeks full-time lessons**, each one taught in a different University, and a **6-months stage in one company or institution** (15 positions available)

Limited application (University teaching activities)

This application formula addresses the needs of already working people or that of local government officials who want to increase their knowledge on issues related to the Circular Bioeconomy. This application formula will allow the students to attend only the complete set of teaching activities: **4 weeks full-time lessons**, each one taught in a different University
(5 positions available)
